WISH TO USE THE FORCE
AGAINST DE LA HUERTA
REVOLUTIONISTS

TROOPS FOR PROTECTION OF THE
GULF OIL REGIONS, MANY
AMERICAN OWNED

(By United Press)
Washington, Jan. 18.—At least 2,000 troops are to be moved across American territory for use against De la Huerta revolutionists if the request for his passage made by the Obregon government is granted by the United States, it was learned today.

Permission is expected to be granted sometime today, it was believed. These troops are to be used principally in the gulf oil regions where there are extensive American interests. More drastic action will be taken by the American government to combat the blockade declared against Tampico by De la Huerta and to protect American lives and interests, it was indicated today at the state department.

Officials stated that an announcement may be made later in the day by Secretary of State Hughes regarding action by the United States. This question was discussed today by President Coolidge and his cabinet. Following the cabinet meeting it was learned Secretary Hughes was authorized to make a definite announcement later of the American policy and further steps to be taken. These will be taken in protection of American oil and other interests menaced by the revolutionists' control of Tampico and nearby oil fields, it was indicated.

It was strongly intimated American warships may be ordered to Tampico today.

American oil men with Mexican holdings, it was announced, will confer later in the day with Secretary Hughes.

CLAIMS HIS EX-WIFE HAD HIS PASSPORT CANCELLED FOR HIM

(By United Press)
Cherbourg, France, Jan. 18.—When the White Star liner Majestic arrived today American Consul Corrigan boarded her from a tender and demanded the passport of Claude Bossie, former city clerk of Omaha, Neb.

The consul wrote "cancelled" in red ink across the face of the passport.

Bossie, who expressed surprise and indignation at the action, was accompanied by Emma Wonsley, whom he introduced as his wife, saying they had married in Denver, December 22, six months and a day after Bossie obtained a divorce from his first wife.

A marriage certificate produced by the woman gave the names of three witnesses and showed that Miss Wonsley came from Redlands, Calif. The couple did not have the divorce papers with them.

"This is a plot on the part of my ex-wife to cause us trouble," Bossie explained. "She previously threatened to kill us both."

CLAIMS THERE WAS NO LEGAL DIVORCE

Omaha, Jan. 18.—Mrs. Maybelle McKean Bossie, wife of Claude Bossie, former Omaha city clerk whose passports were cancelled by the American consul when he landed at Cherbourg said today that she and Bossie had never been legally divorced.

Mrs. Bossie said her husband had been missing since December 16th, when he left ostensibly for Kansas City.

A "separate maintenance appointment" drawn up and signed by Bossie and herself was described by Mrs. Bossie. This agreement was not filed in court.

"I am glad their passports were cancelled," she said when advised of the American consul's action.

Emma Wamsley, formerly of Kansas City, Mrs. Bossie said, was her husband's "dream girl" for more than 20 years.

"This woman seemed to have a hypnotic influence over my husband," Mrs. Bossie said. "I thought, however, that he had finally forgotten her, but a year ago she passed through Omaha en route to California. She called up my husband on the telephone and when he saw her again all his old love returned. He has not been himself since."

NO RECORD OF MARRIAGE IN DENVER

Denver, Jan. 18.—The county clerk's office in Denver has no record of the marriage of Claude Bossie, former city clerk of Omaha, Neb., and Emma Wamsley of Kansas City, Mo. No marriage license was issued to persons of that name nor is there any record of their marriage for the last three months, an employee of the clerk's office told the United Press today.

Bossie and Miss Wamsley were reported as saying there were married in Denver December 22, last.

250,000 A YEAR DROP IN FACTORY MISHAPS LAID TO PROHIBITION

UNION FUNDS SHOW INCREASE
UNDER MEASURE, SAYS R.
F. JONES

CALLS RAIL BROTHERHOOD LEADERS SUPPORTERS OF 18TH AMENDMENT

Minneapolis, Jan. 18.—Industrial accidents have decreased 250,000 a year under prohibition, Richard T. Jones, district director of the employment service of the United States department of labor, said in an address at Hennepin Avenue Methodist Episcopal church, at the Amendment day banquet given by the Hennepin county W. C. T. U.

Mr. Jones formerly was state senator from Duluth and manager of the Minnesota Dry federation. The banquet was in celebration of the fourth anniversary of the 18th amendment.

Other benefits accruing to labor from prohibition, Mr. Jones said, are: Increased employment due to the turning of capital formerly invested in saloons and breweries into more productive channels.

Smaller labor turnover in the basic industries.

Earnings of the workmen going into labor temples and labor banks.

He said that labor union treasuries are in a more flourishing condition under prohibition.

Labor Temples Built
"Local organizations in St. Paul, Minneapolis and Duluth never were able to get together on the matter of building labor temples until the 18th amendment was enacted and the influence of the saloon was out of the way," he said. "Many of the unions, meeting above saloons, were getting 'free' rent, or thought they were getting it free."

"St. Paul unions now own a splendid temple, and ground will soon be broken for a labor temple in Minneapolis, costing \$500,000. Duluth unions have purchased an old building which will be remodeled. Prohibition is directly responsible for the growth of labor temples and the labor banks."

"The railroad brotherhoods have established banks in Minneapolis, Cleveland, New York, St. Louis and other cities, and it is a significant fact that practically all the leaders in the railroad organizations are ardent supporters of the 18th amendment and against any modification of the Volstead law."

Fewer Drunkards at Mission

Rev. W. E. Paul, pastor of the Union City Mission, said that out of the 1,000 men who go to the mission each day, there are on the average only five or six drunkards, whereas before prohibition, the mission had more than 100 men in the "drunk room" each night.

"Before prohibition practically every funeral in the sixth ward district had to be financed by charity," he said. "Practically all lodging places had to carry about one-half their guests on credit."

CRIPPLED SHENANDOAH REPAIRED IN 30 DAYS

(By United Press)
Lakehurst, N. J., Jan. 18.—The crippled Shenandoah was stored up in her 1,000 foot hangar today for repairs that will fit her for her proposed flight to the North Pole next summer.

The damage sustained when the huge naval dirigible twisted loose from its steel mooring mast Wednesday night and rode the storm to Staten Island and back can be repaired within thirty days, Captain McCreary, the airship's commander declared.

An official note of inquiry will determine the causes of the Shenandoah's runaway flight.

BOOM STARTED FOR LA FOLLETTE

(By United Press)
 Fargo, Jan. 18.—A boom to secure the republican endorsement of Robert M. LaFollette of Wisconsin for president was launched in North Dakota today.

One faction of the non-partisan republicans started the campaign. It was started by Gerald Nye, Cooperstown editor and John Andrews, editor of the progressive.

Two sides of the national convention delegates probably will result. Republican state central committee-men opposed to the non-partisan league called the convention for February in Bismarck to endorse candidates to the national convention instructed for President Coolidge.

The two sides of delegates will go before the people in the national primaries.

UGLIEST SCANDAL IN YEARS LURKS IN TEAPOT DOME

NO LONGER ANY DOUBT ABOUT IT IN THE MIND OF SENATOR WALSH

HOW TO BRING OUT ALL THE FACTS IS BAFFLING THE INVESTIGATORS

Congress Today By United Press

Senate not in session. Hearings on medical diploma mills begin before special subcommittee.

House rules fight continues. Tax hearings continue before ways and means committee. Agriculture committee continues hearings on farm relief.

Washington, Jan. 18.—The ugliest scandal in years lurks among the hidden facts about the Teapot Dome naval oil reserve lease.

There is no longer any doubt of this in the mind of Senator Walsh nor of others who have been trying to break through the wall of secrecy and misinformation given the Senate committee about the lease and other transactions which occurred about the same time.

But how to bring out fully the facts which constitute what many senators declare is a "national disgrace" is baffling the investigators who believe the American people for their own future protection are entitled to the whole truth no matter who is hurt.

There is not the slightest desire on the part of Senator Walsh to spread abroad a sensational story. Anyone who knows Walsh with his restricted, conservative, extremely judicial mind knows he is no sensational monger gossip or spreader of scandal. Walsh wants facts. He has enough to satisfy him that the strongest possible barriers must be erected to prevent anything like the Teapot Dome lease ever occurring again.

Walsh will try to accomplish two things:

1. Break the Teapot Dome lease.
2. Get legislation preventing future leases of naval oil reserves without the specific approval of congress.

COULTER PLAN IS ENDORSED

Fargo, Jan. 18.—Congress was petitioned to adopt without modification the \$50,000,000 revolving live stock loan bill by the Tri-State Grain Growers in convention here.

The convention further went on record for a sixty cent per bushel duty on wheat and in favor of the McNary bill creating a government export agency along the lines recommended by Henry C. Wallace.

Efforts to increase lignite and coal freight rates were condemned in strong terms and the state railroad and commerce commission was urged not to grant the increase.

CHARGE PASTOR PETTED WIFE OF A CHICAGO MAN

REV. C. D. CASE MADE CO-RESPONDENT BY ALBERT R. LELAND OF OAK PARK

LELAND SAYS HIS WIFE WROTE A 14 PAGE CONFESSION, FILED WITH COURT

(By United Press)
Chicago, Jan. 18.—Reverend Carl D. Case, pastor of the aristocratic First Baptist church of Oak Park, Chicago, will go "the full length" to disprove the charge that he "petted" or made love to Mrs. Charlotte C. Leland, friends made it known today.

Rev. Case was made co-respondent by Albert R. Leland, wealthy Oak Park toy manufacturer.

Leland applied to the superior court for divorce late yesterday, naming Case as a co-respondent.

Members of the First Baptist church board of trustees said they had looked into the matter several weeks ago at the request of Leland, but said they found no evidence against the pastor.

The church board may re-open the investigation, it was intimated when Leland produced what he called a fourteen page confession by Mrs. Leland. The confession was placed before Judge Charles M. Foell in superior court who promptly suppressed it.

Acted as Note Carrier

Leland, who is a son of Reverend H. C. Leland, De Witt, Iowa, said he discovered his wife's attachment for Rev. Case in November, 1922, when she gave him a note to deliver to the pastor. Leland said he forgot to deliver the letter and when he reached his office decided to telephone it to the hospital where Rev. Case was ill. On opening the letter he found Mrs. Leland had taken the pastor to task for failing to answer previous messages.

Stunned by Discovery

Stunned by his discovery, Leland said he thought the matter over for a few days to decide on a course of action. On coming home for dinner one evening he said he found his wife in tears.

"On two other occasions I found her weeping and she refused to tell me the reason," Leland said.

"Again and again she refused to tell me and I insisted."

"You are caring too much about the pastor," I told her," Leland said. "Do you love him," I asked.

"She nodded and whispered, 'you know I do. I have always loved him. I have loved him ever since I knew him.'"

Talked All Night to His Wife

All night Leland subjected his wife to a cross-examination in the hope of getting at the true state of affairs. She held out until dawn, he said, when she nodded yes to his question of whether the pastor had put his arms around her.

"Did he kiss you?" he asked.

Leland told the court, "at first she refused to answer," but under pressure, Leland said, she answered yes to his question of whether Reverend Case had petted and fondled her.

Got Her Jealous

When Mrs. Leland refused a complete confession Leland said he played on her jealousy by charging that there were other women involved with the pastor.

"Then she became angry and told me the rest," Leland said.

On the New Year's eve following the discovery of the affair, Leland said his wife wrote out a complete confession and pinned it on his pillow.

MAGNUS JOHNSON A POOR MARKSMAN, HE MISSES MILK PAIL

(By United Press)
Washington, Jan. 18.—No more milking contests for Magnus Johnson, farmer-labor senator from Minnesota, at least until Mrs. Johnson goes back to the farm next summer and leaves him alone.

Johnson announced today that for highly personal reasons he would not be able to accept the challenge to a contest thing at him yesterday by Miss Marie Risteau, member of the Maryland house of delegates.

"Mrs. Johnson has put her foot down on any more contests like the one with Secretary Wallace which I didn't lose," Johnson explained today.

"Not because of the publicity," he added, "but she says I use poor marksmanship. She says I got more milk on my clothes than in the bucket and she is tired of cleaning my clothes."

CHURCH PARSONAGES EXEMPT FROM TAXES

St. Paul, Jan. 18.—Church parsonages are exempt from taxation.

This important decision which removes from the state tax income several million dollars worth of property was handed down by the state supreme court today.

It revises the decision of the Hennepin county district court which some time ago held in the test case against the church of the Incarnation, Minneapolis, that the parsonage should be taxed.

Several other Minneapolis churches including protestant organizations, joined in the fight to keep the parsonages off the tax rolls.

The fight started from a tax levy on a parsonage in 1922. The Church of the Incarnation paid the first half of its tax of \$906 and refused to pay the last half. Action to collect the delinquent tax was started in the Hennepin county court which ordered the church to pay.

Attorneys for the churches immediately appealed, pointing out that the parsonages were used and occupied exclusively by the pastors and his assistants for church purposes.

The supreme court held that under the amendments to the state constitution adopted in 1906 the parsonages were exempt from taxation.

The Church of the Incarnation owns the four corners at Pleasant Avenue and 58th Street southeast, Minneapolis.

CREW LEAVING ILL FATED SHIP

AMERICAN CRUISER TACOMA ON THE ROCKS NEAR VERA CRUZ

Washington, Jan. 18.—The crew is being moved from the American cruiser Tacoma which ran aground on Blanquilla reef off Vera Cruz en route to the Mexican port of Tampico to re-establish communication with the United States and protect American interests.

A message received by the navy department today from the commanding officer to the Tacoma stated that a part of the crew under charge of the executive official of the ship had been put ashore while the captain and the remainder of the crew were remaining on board.

The cruiser Richmond which is on its way to aid the Tacoma, is expected to arrive at Blanquilla reef tomorrow at 10 a. m.

Port Arthur, Texas, Jan. 18.—All of the crew of 300 of the U. S. S. cruiser Tacoma aground on Blanquilla reef with the exception of a small duty guard, was transferred today to Vera Cruz.

Wireless advices received here told of the removal of the crew by tugs.

The vessel is on the rocks 16 miles from Vera Cruz. Captain Sparrow is still aboard with the guard.

PEKIN GOVERNMENT TO BE ASKED TO FULFILL ITS TREATY OBLIGATIONS

INCUMBENT UPON IT TO PROTECT AMERICAN LIVES AND PROPERTY

(By United Press)
Pekin, Jan. 18.—Citing six attacks upon American missionaries in China within 60 days, American Minister Schurman today intimated that if the Peking government cannot protect the rights of foreigners the powers involved will be obliged to take action.

Addressing the American association, Schurman insisted the attitude of the United States towards China was friendly, but that it was not incompatible with friendliness to insist that the Peking government recognize and fulfill its treaty obligations to protect American lives and property.

Schurman mentioned the attacks upon Fathers Benson and Mullins by regular troops at Supu and the affair of Professor Hoff, who died of wounds and said there was a treaty which definitely pledged protection against such outrages.

What has been done at Canton (where American and foreign war vessels prevent Sun Yat Sen from looting the customs house) may be necessary at Che Kiang, Schurman volunteered.

GOVERNMENT SUES R. R. FOR \$3,411,873

(By United Press)
St. Paul, Jan. 18.—The government today started suit to recover \$3,411,873 from the Minneapolis & St. Louis railroad.

The railroad is now in the hands of a receiver in federal court where the action was started.

The money the federal government seeks to collect was loaned to the railroad during government operation and immediately afterward. The action today was the filing of a proof of indebtedness.

The loans were secured it shows by mortgages and liens on the property of the road, all of which is now attached by the creditors in bankruptcy.

The largest loan is for \$1,382,000 made in April, 1921, and due April 1, 1931. It is secured by \$2,337,000 of refunding and extension mortgage bonds running for fifty years, being series A of the road's gold bonds.

On July 1, 1921, a loan of \$386,000 was made on which \$376,673 is still due, according to the petition.

This is the only loan on which a payment has been made, the government says, pointing out that the amount paid was only \$10,000.

On other occasions loans of \$650,000 were made, one on May 27, 1922 and the other April 1, 1923.

Notes totaling \$403,000 also were made. All interest up to April 1, 1923, has been paid the complaint admits. The proof of the loans was filed by Elliot Wadsworth, assistant secretary of the treasury in connection with a petition that the government be included among the creditors.

ROY MAUPIN PAYS DEATH PENALTY

Ft. Madison, Ia., Jan. 18.—Roy Maupin, slayer of Joe Haues, paid the penalty today on the gallows here.

The hempen rope snapped as the body dropped.

The body fell against one of the supporting beams of the scaffold where it lay twitching. Several physicians who examined the body declared death was instantaneous despite the breaking of the rope.

CHARGE PASTOR PETTED WIFE OF A CHICAGO MAN

REV. C. D. CASE MADE CO-RESPONDENT BY ALBERT R. LELAND OF OAK PARK

LELAND SAYS HIS WIFE WROTE A 14 PAGE CONFESSION, FILED WITH COURT

(By United Press)
Chicago, Jan. 18.—Reverend Carl D. Case, pastor of the aristocratic First Baptist church of Oak Park, Chicago, will go "the full length" to disprove the charge that he "petted" or made love to Mrs. Charlotte C. Leland, friends made it known today.

Rev. Case was made co-respondent by Albert R. Leland, wealthy Oak Park toy manufacturer.

Leland applied to the superior court for divorce late yesterday, naming Case as a co-respondent.

Members of the First Baptist church board of trustees said they had looked into the matter several weeks ago at the request of Leland, but said they found no evidence against the pastor.

The church board may re-open the investigation, it was intimated when Leland produced what he called a fourteen page confession by Mrs. Leland. The confession was placed before Judge Charles M. Foell in superior court who promptly suppressed it.

Acted as Note Carrier

Leland, who is a son of Reverend H. C. Leland, De Witt, Iowa, said he discovered his wife's attachment for Rev. Case in November, 1922, when she gave him a note to deliver to the pastor. Leland said he forgot to deliver the letter and when he reached his office decided to telephone it to the hospital where Rev. Case was ill.

On opening the letter he found Mrs. Leland had taken the pastor to task for failing to answer previous messages.

"For two years," Leland said, "I had been carrying messages between my wife and the pastor under the impression that the notes related to church work," to which Leland and his wife were deeply devoted.

Stunned by Discovery

Stunned by his discovery, Leland said he thought the matter over for a few days to decide on a course of action. On coming home for dinner one evening he said he found his wife in tears.

"On two other occasions I found her weeping and she refused to tell me the reason," Leland said. "Again and again she refused to tell me and I insisted."

"You are caring too much about the pastor," I told her," Leland said. "Do you love him," I asked.

"She nodded and whispered, 'you know I do. I have always loved him. I have loved him ever since I knew him.'"

Talked All Night to His Wife

All night Leland subjected his wife to a cross-examination in the hope of getting at the true state of affairs. She held out until dawn, he said, when she nodded yes to his question of whether the pastor had put his arms around her.

"Did he kiss you?" he asked.

Leland told the court, "at first she refused to answer," but under pressure, Leland said, she answered yes to his question of whether Reverend Case had petted and fondled her.

Got Her Jealous

When Mrs. Leland refused a complete confession Leland said he played on her jealousy by charging that there were other women involved with the pastor.

"Then she became angry and told me the rest," Leland said.

On the New Year's eve following the discovery of the affair, Leland said his wife wrote out a complete confession and pinned it on his pillow.

MAGNUS JOHNSON A POOR MARKSMAN, HE MISSES MILK PAIL

(By United Press)
Washington, Jan. 18.—No more milking contests for Magnus Johnson, farmer-labor senator from Minnesota, at least until Mrs. Johnson goes back to the farm next summer and leaves him alone.

Johnson announced today that for highly personal reasons he would not be able to accept the challenge to a contest hung at him yesterday by Miss Marie Risteau, member of the Maryland house of delegates.

"Mrs. Johnson has put her foot down on any more contests like the one with Secretary Wallace which I didn't lose," Johnson explained today.

"Not because of the publicity," he added, "but she says I use poor marksmanship. She says I got more milk on my clothes than in the bucket and she is tired of cleaning my clothes."

CHURCH PARSONAGES EXEMPT FROM TAXES

St. Paul, Jan. 18.—Church parsonages are exempt from taxation.

This important decision which removes from the state tax income several million dollars worth of property was handed down by the state supreme court today.

It revises the decision of the Hennepin county district court which some time ago held in the test case against the church of the Incarnation, Minneapolis, that the parsonage should be taxed.

Several other Minneapolis churches including protestant organizations, joined in the fight to keep the parsonages off the tax rolls.

The fight started from a tax levy on a parsonage in 1922. The Church of the Incarnation paid the first half of its tax of \$906 and refused to pay the last half. Action to collect the delinquent tax was started in the Hennepin county court which ordered the church to pay.

Attorneys for the churches immediately appealed, pointing out that the parsonages were used and occupied exclusively by the pastors and his assistants for church purposes.

The supreme court held that under the amendments to the state constitution adopted in 1906 the parsonages were exempt from taxation.

The Church of the Incarnation owns the four corners at Pleasant Avenue and 5th Street southeast, Minneapolis.

CREW LEAVING ILL FATED SHIP

AMERICAN CRUISER TACOMA ON THE ROCKS NEAR VERA CRUZ

Washington, Jan. 18.—The crew is being moved from the American cruiser Tacoma which ran aground on Blanquilla reef off Vera Cruz en route to the Mexican port of Tampico to re-establish communication with the United States and protect American interests.

A message received by the navy department today from the commanding officer to the Tacoma stated that a part of the crew under charge of the executive official of the ship had been put ashore while the captain and the remainder of the crew were remaining on board.

The cruiser Richmond which is on its way to aid the Tacoma, is expected to arrive at Blanquilla reef tomorrow at 10 a. m.

Port Arthur, Texas, Jan. 18.—All of the crew of 300 of the U. S. S. cruiser Tacoma aground on Blanquilla reef with the exception of a small duty guard, was transferred today to Vera Cruz.

Wireless advices received here told of the removal of the crew by tugs. The vessel is on the rocks 16 miles from Vera Cruz. Captain Sparrow is still aboard with the guard.

OCCURRED WITHIN THE LAST 60 DAYS, STIRS AMERICA

PEKIN GOVERNMENT TO BE ASK-
ED TO FULFILL ITS TREATY
OBLIGATIONS

INCUMBENT UPON IT TO PROTECT AMERICAN LIVES AND PROPERTY

(By United Press)
Pekin, Jan. 18.—Citing six attacks upon American missionaries in China within 60 days, American Minister Schurman today intimated that if the Peking government cannot protect the rights of foreigners the powers involved will be obliged to take action.

Addressing the American association, Schurman insisted the attitude of the United States towards China was friendly, but that it was not incompatible with friendliness to insist that the Peking government recognize and fulfill its treaty obligations to protect American lives and property.

Schurman mentioned the attacks upon Fathers Benson and Mullins by regular troops at Supu and the affair of Professor Hoff, who died of wounds and said there was a treaty which definitely pledged protection against such outrages.

What has been done at Canton (where American and foreign war vessels prevent Sun Yat Sen from looting the customs house) may be necessary at Che Kiang, Schurman volunteered.

GOVERNMENT SUES R. R. FOR \$3,411,873

(By United Press)
St. Paul, Jan. 18.—The government today started suit to recover \$3,411,873 from the Minneapolis & St. Louis railroad.

The railroad is now in the hands of a receiver in federal court where the action was started.

The money the federal government seeks to collect was loaned to the railroad during government operation and immediately afterward. The action today was the filing of a proof of indebtedness.

The loans were secured it shows by mortgages and liens on the property of the road, all of which is now attached by the creditors in bankruptcy.

The largest loan is for \$1,382,000 made in April, 1921, and due April 1, 1921. It is secured by \$2,337,000 of refunding and extension mortgage bonds running for fifty years, being series A of the road's gold bonds.

On July 1, 1921, a loan of \$386,000 was made on which \$376,673 is still due, according to the petition.

This is the only loan on which a payment has been made, the government says, pointing out that the amount paid was only \$10,000.

On other occasions loans of \$650,000 were made, one on May 27, 1922 and the other April 1, 1923.

Notes totaling \$403,000 also were made. All interest up to April 1, 1923, has been paid the complaint admits. The proof of the loans was filed by Elliot Wadsworth, assistant secretary of the treasury in connection with a petition that the government be included among the creditors.

ROY MAUPIN PAYS DEATH PENALTY

Ft. Madison, Ia., Jan. 18.—Roy Maupin, slayer of Joe Haues, paid the penalty today on the gallows here.

The hempen rope snapped as the body dropped.

The body fell against one of the supporting beams of the scaffold where it lay twitching. Several physicians who examined the body declared death was instantaneous despite the breaking of the rope.

NEW CREAM STATION

Opened in Southeast Brainerd by Representative of Bridgeman-Russell Co., of Duluth

B. A. Finch, representing the Bridgeman-Russell Company of Duluth, is giving Brainerd another industry, in opening a cream station in the rear of the Britton barber shop, 1109 East Oak street.

Mr. Finch is formerly of Pequot, where he conducted a similar business for several years. He is an experienced cream buyer, having successfully handled stations in a number of towns in this district for the larger buyers.

Correct tests and weights and highest market prices will be paid at the new station, says Mr. Finch, whose advertisement will be found in another column of the Dispatch.

Brainerd Choral Society Notes (Contributed)

A broad invitation is hereby extended to the entire populace of Brainerd. If you sing, come up and join the Brainerd Choral society this evening at its regular weekly rehearsal in Mr. Brown's studio in the Iron Exchange hall at 8:00 o'clock sharp. If you don't sing, come up anyhow and listen. Isn't that fair enough? This question may be answered either by phone or in person.

AUTOMOTIVE EXPOSITION

This Year's Offering Combines Auto Display, Accessories, Beauty Show and Radio

Railroads of the northwest this week have proved that they have no hard feelings against the automobile although the gasoline vehicles are stealing away a lot of business from the steam lines.

The rail people showed how they felt toward the other big system of transportation by granting a rate of a fare and a half to the Twin City Automotive Exposition at the Overland Building the week of Feb. 2-9.

The special rate is accorded only merchants and dealers of Minnesota, North and South Dakota, Montana, Western Wisconsin, Northern Iowa, and northeastern Nebraska. Despite this restriction, the railroad men have promised a liberal interpretation. It will be put on the order so that it will include nearly everyone anxious to visit Minneapolis and St. Paul that week.

This year's exposition will really combine four shows. As usual the sleek, shiny automobiles will make the big display. The accessory department too, is expected to hold its own against all comers. But, the Beauty Show, a new wrinkle in auto show attractions, will make a strong bid for those who like pulchritude whether among motor cars or women. There will be 15 girls, winners of as many individual beauty

contests staged by daily newspapers of the northwestern cities.

The prettiest of the crowd will be selected the last night of the show by a committee of prominent citizens. To this winner there will be awarded a prize of \$500 in addition to the \$100 that goes to each of the fifteen. E. E. Atkinson and Company, Minneapolis and St. Paul, have made arrangements whereby the prize winners will act as their models in a Style Review held nightly.

The most pretentious Radio Show ever projected in the west will be another bidder for the esteem of the visitors. Last year there were six exhibitors in the radio section. So excellent were the results achieved that forty radio dealers voted unanimously this year to enter the Auto Show in a body and they will abandon plans for a separate show of their own later in the winter.

There are always those who like to dance at motor shows and more provisions than ever have been made for these. The greater part of the second floor will be devoted to these of the synopating feet. For music they will have the strains of Dan Deedunes famous forty-piece orchestra.

50TH WEDDING ANNIVERSARY

Observed by Mr. and Mrs. Gust Carlsson of Cloquet—A Son Resides in Brainerd

Mr. and Mrs. Gust Carlsson, of Cloquet, pioneer residents of Minnesota, recently observed the fiftieth anniversary of their marriage. Fifty guests, members of the family, immediate relatives and close friends were in attendance to extend congratulations to Mr. and Mrs. Carlsson. The couple were married on December 31st, 1873, in the Swedish Lutheran church, of Center City, Minn. This church is said to be the oldest in the Minnesota conference of the Augustana synod.

Most of the married life of Mr. and Mrs. Carlsson has been lived in Minnesota, at Center City, Grove City, Thompson and Cloquet, the latter being their present home. They also lived for five years at Gorton, S. D.

Twelve children were born to Mr. and Mrs. Carlsson, ten of whom survive and were in attendance at the anniversary celebration, where four generations were gathered to do honor to this worthy couple.

Among these children is H. G. Carlsson of Brainerd, an employee of the Northwest Paper Company. Mr. Carlsson senior is 71 years old and his wife 69.

AN ALL-IN-ONE HIGHWAY DEPARTMENT

AN all-in-one highway department—everything related to the state trunk routes placed in an enlarged and inclusive department, free from politics and all competing and opposed interests—is the big 1924 proposal for speeding immediate and ultimate good roads development in Minnesota.

The idea is broached by Ernest T. Winship of Owatonna, who is a good roads advocate and farmer, automobilist and business man. Mr. Winship has served as president of the Minnesota State Automobile association, is president of the Minnesota Holstein Breeders' association, is a practical farmer and a business man of experience. He will present his proposal at the annual meeting of the Minnesota State Automobile association on February 5 in Minneapolis and then to other organizations and the legislature.

His plan would be to add to the present department of highway construction and maintenance a commercial traffic bureau, highway police bureau and highway revenue bureau.

The commercial traffic bureau is to be charged with the special licensing and regulation of all commercial transport lines, passenger bus and for-hire freight trucks, with control of rates and service.

The highway police bureau is to be a force of not to exceed 100 mounted men for enforcing reasonable speed and traffic regulations, also loading limitations, and to promote public safety and protect highways from abuses.

The highway revenue bureau is to collect motor vehicle taxes, issue licenses, plates, ownership certificates, examine and license chauffeurs, etc.

The highway police proposal, says Mr. Winship, is wholly different from the common state constabulary plan. The first thought after that of protecting the roads from abuse and misuse was that a field force would be necessary to that end. This brought out the advantage of placing in the same agency the enforcement of reasonable, uniform speed and traffic regulations.

Mr. Winship's proposals have not been discussed with Commissioner C. M. Babcock. This is a vital point. The average man does not wish to overload an efficient officer. Mr. Babcock has made a wonderful success in the state highway department and it is not known if he wishes to shoulder still more responsibility.

The highway police proposal will be under question as it may give such police state-wide jurisdiction, and their duties must be very clearly defined so as not to conflict with town and county authorities.

The whole proposal is a most weighty one and needs much consideration and discussion to suit all interests concerned.

CAPTAIN FAWCETT SHOOTING GOOD

CAPTAIN WILLIAM H. FAWCETT, in his eastern trip, is adding to his prowess as a trapshooter and incidentally bringing Minnesota, Breezy Point lodge and Brainerd to the attention of the world. He made creditable scores at a New York shoot.

From Pinehurst, N. C., the captain writes the Dispatch: "I was delighted to receive the telegram informing me that my Brother Elks enjoyed their bear dinner. I only wish that it could have been possible for me to have attended the meeting. Jene writes that he had a wonderful time."

"I am shooting quite well here and came out third yesterday with 151 out of 160 birds shot at. George McCarty of Newfield, N. J., landed in first place with 153, and Mark Arie of Champaign, Ill., was second with 152."

In Beaufort, S. C., home of Mrs. Fawcett's folks, the captain will take part in the Grand Southern Mid Winter Handicap, commencing January 21st. He expects to be back home about the first of February.

The Sunday edition of the Chicago Tribune, in its magazine section, carried a fine picture of the captain, photo from the Wide World, with this script attached: "Marksmanship is Captain Billy Fawcett's hobby, though he is a publisher when he is at home in Robbinsdale, Minn. He has been chosen as captain and manager of the American trapshooting team at the Olympic games in Paris next summer. He is a nationally known big game hunter and a veteran of the Spanish-American and World wars."

"SOCKING" THE REFEREE

THE Stribling family is a pugnacious one. When Young Stribling was disqualified for hitting in the breaks, in his bout with Norman Genet, of Akron, Ohio, at West Palm Beach, Fla., "Pa" Stribling sailed in and "socked" the referee.

The game of "socking" the referee is not a new one. Something similar occurred in Brainerd some years ago when Karhunsari was wrestling a St. Paul man who continued stalling until it so exasperated the Finn that he picked up his man, carried him to the edge of the Park theatre stage and then tossed him into the seats of the main floor. A doctor reported the St. Paul man as suffering from several broken ribs. This so riled the St. Paul wrestler's manager that he took a "running jump" at Karhunsari as he stood on the stage edge and jumbled him into the seats too. About that time it seemed that it was due to be everybody's fight and the referee called the show off and vanished.

ALL SHOULD PAY TAXES

A SOUND principle enunciated is that every adult citizen of the United States who is a voter and not a pauper should pay taxes. A statement has been published that 2,700,000 government employees do not pay a cent of tax. There seems to be a general rule that state, county and municipal employees do not pay a federal income tax, and federal employees escape all war and other income taxes levied by states. Why should public officials in the employ of federal, state, county and municipal governments not pay income taxes or any other taxes just the same as any other employees? They work no harder for their salaries than other employees.

It has been estimated that an army of 2,700,000 well paid public employees receives salaries totaling \$3,500,000,000 a year upon which the government is said not to collect a cent of tax. A tax contribution from them would quickly assist in financing a bonus for the service men.

AMUSEMENTS

"Ashes of Vengeance" Stands in a Class All Its Own

"Ashes of Vengeance" will be shown at the New Park on Saturday and Sunday. Our advice is to see it. It is a romance of the 16th century, a production which for gorgeousness of costume, massive settings, story interest and splendid portrayal stands in a class of its own, an example of artistry seldom, if ever before, displayed on a screen.

While massive settings and gorgeous costuming make of the picture a riot of splendor, these are but background for a thrilling, tensely interesting love story which is never for a moment overshadowed by the spectacular elements of the picture, and which is never for a moment dull. Situation follows situation in rapid succession and practically every situation furnishes a thrill.

Probably never in her brilliant career has the talented Norma Talmadge better displayed her beauty and talents than she does here as Yolanda. And as Rupert, Conway Tearle plays his part in a manner as to almost share honors with the star herself. Wallace Beery rises to heights seldom before equaled in the portrayal of the cowardly and despicable villain of the play. The entire cast, and it is unusually large and distinguished, displays no weak spots, and is admirably handled in all of the big scenes. A word of praise here for Director Frank Lloyd. There are thousands of extras in the big scenes, and these as well as the principals perform with a precision which is impossible except by masterly direction.

"The Clean-Up" at the Lyceum
"The Clean-Up," the latest idea in photoplays, comes tonight and Saturday to the Lyceum Theatre. H. H. Van Loan, the author, has taken a situation that is farcical. Every development is a fresh laugh, and it is surrounded with a two-faced, fighting star, working out the tale in thrilling adventures. A "comedy thriller" is his term for this starring innovation.

Herbert Rawlinson stars in this

new Universal attraction. The main story is built around an eccentric millionaire's will, which leaves a fortune to every citizen in a village. Wild with money, the villagers stop all work in a mad pursuit of pleasure. Crooks, of course, invade the town.

"Old Favorites Week" at Lyceum
Local theatre-goers will be offered the greatest line-up of picture successes ever presented in Brainerd in any one week, at the Lyceum next week, which has been designated as "Old Favorites Week." By special request the management is bringing back seven of the greatest photoplays ever produced for a one-day showing on each, at popular prices. The first on the program will be Thos. Meighan Sunday in Geo. Ade's "Back Home and Broke;" Monday, "The Miracle Man;" Tuesday, D. W. Griffith's "Way Down East;" Wednesday, Rodolph Valentino and Agnes Ayres in "The Sheik;" Thursday, John Gilbert in "The Count of Monte Cristo;" Friday, "Humoresque," and Saturday Douglas Fairbanks in his greatest picture, "The Mark of Zorro."

LEON TROTSKY REPORTED ILL, ARRESTED, GONE

(By United Press)
Moscow, Jan. 18, 6 p. m.—Efforts to locate Leon Trotsky, Russian war minister, following publication of reports in Paris that he had been arrested, resulted in conflicting information from various sources.

It was officially stated that Trotsky was ill at his summer home near Moscow. However, a week ago one of the officials of the Russian government told the United Press that the war minister had departed for Sochi in the Caucasus.

The Painter's Task.

The painter must study more from nature than the man of words. But why? Because literature deals with men's business and passions, which we are irresistibly obliged to study; but painting with relations of light, and color, and significance, and form, which from the immemorial habit of the race, we pass over with unregarding eye.—R. L. Stevenson.

Set yourself straight on these Bran facts!

If you eat bran it is because you seek relief from constipation and toxic poisoning!

To get the relief your physician will tell you that bran will give—you must be certain to get Kellogg's Bran, BECAUSE it is ALL BRAN! That is the kind your physician intends you to eat.

You only delay positive relief when you eat foods with a partial bran content, because they can only help you in proportion to the amount of bran they contain! You haven't time to waste on 25 per cent or 50 per cent relief when you know that Kellogg's Bran will give you 100 per cent relief BECAUSE IT IS ALL BRAN!

Every day's delay lets your condition become worse! Pills and cathartics can only aggravate distressing conditions. Part bran foods cannot permanently help you! They do not have the necessary bulk or roughage that makes ALL BRAN positive in its mechanical action! That is why Kellogg's Bran is a necessity!

Kellogg's Bran—because it is ALL BRAN—is GUARANTEED to give you permanent relief if you will eat two tablespoonfuls each day, or as much with each meal in chronic cases!

If you would realize how delicious Kellogg's Bran is—cooked, krumbled and ready to eat—and what it means to your health—you would not lose a minute starting to eat it! All grocers sell Kellogg's Bran in the Red and Green package.

VISION OF HOME IS LOST
Bank Letter Reveals That Spouse De-
posited Money in Her Name and
Said He Was Out of City

The St. Paul Pioneer Press, using substantially the headings above, runs a story concerning a Brainerd couple, Mr. and Mrs. Earl G. Mohler, whose respective parents reside in this city. Young Mohler, who is a son of Alvia Mohler, was one of the first boys in Brainerd to enter the service. The article states as follows:

Two weeks ago Earl G. Mohler, 26-year-old war veteran, bed-ridden with tuberculosis at the Aberdeen hospital and declared by the government to be permanently and totally disabled, received a check from Washington for \$2,454.44.

It represented accrued insurance payments at the rate of \$57.50 a month.

A vision of a home of his own came to the sick young man. He indorsed the check, gave it to his wife, who was visiting him, and asked her to deposit it to his account in the Northwestern National bank, Minneapolis. He also was revolving in his mind the terms of a modest will to take care of their 9-month-old baby in case he did not survive.

Part of Money Withdrawn

A few days ago Mohler was shocked to receive a letter from the bank, written November 16, by F. A. Altkens, manager of the savings department. It stated that November 7, Mrs. Mary Mohler, 1003 First avenue north, Minneapolis, had deposited the check in her name, taking \$100 from it, and that a few days later she appeared again at the bank and drew \$200. The letter inquired if this was the way Mohler wanted the account handled.

Tuesday, according to the bank officials, Mrs. Mohler again called at the bank and wanted to draw out the balance. The bank got in touch with the American Red Cross service assigned to Aberdeen hospital, to the members of which Mohler had confided the letter of November 16, and learned that Mrs. Mohler's explanation that she and her husband, who was "out of town," were planning to build a home was untrue. The bank declined to issue the money to the wife and Red Cross called in Harvey J. Diehl, attorney, to protect the sick veteran's interests.

This morning Mr. Diehl served garnishment proceedings on both the bank and Mrs. Mohler, garnishing the account, the action being returnable December 14 at the special term of the Minnesota district court. Red Cross officials say Mrs. Mohler has been receiving checks every month for \$157.50 since her husband was declared permanently and totally disabled, of which \$57.50 is the insurance and \$100 is compensation.

C. M. Maland, who for the past years has held the position as manager of the Brainerd Cooperative Mercantile company has voluntarily resigned his position and returned to Elmore, Minn., his former home, where he will engage in the mercantile business. During Mr. Maland's stay in Brainerd he has proven himself an able business man and is leaving the business in a sound financial growing condition.

The Brainerd Mercantile company is one of the few cooperative stores of the country that have made a success and is today one of the substantial business concerns of the city. Mr. and Mrs. Maland leave a host of friends who regret their leaving and wish them success in their new home.

F. W. Willson who succeeds Mr. Maland, came to Brainerd five years ago in the employ of the Loose-Wiles Biscuit company as salesman and has built up a fine business. HUGGINS TRIES TO DEVELOP YOUNGSTERS

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 18.—Miller Huggins has ordered all the recruits gathered by the ivory hunting staff of the New York Yankees at the New Orleans training camp a week in advance of the regular squad.

The manager of the world's champions intends to devote that week and much of the time after the regulars start their work to the observation of all his young players.

This is a distinct departure from the policy that Huggins has followed as field leader of the Yankees.

Up to this time, Huggins preferred to deal only with ready-made players. He has been commissioned by two of the wealthiest owners in baseball to get a winning team and development of young players while a rather sure road success, is anything but speedy.

As long as he was supported by plenty of money, Huggins went out and bought the players he needed and he produced a winning team.

The change in his policy, as is suggested by his intention to devote most of his time to his youngsters, is significant and it adds its weight to the contention made for more than a year that the tendency of the major league clubs to buy players is on the decline, if it has not actually ended.

Managers of both the Giants and the Yankees learned since the close of the last season that they can expect little help from any of their rival clubs. There never has been an inclination in baseball or any other business to give a competitor the best of any business deal, but the two New York clubs have reason to believe that something related to a boycott has been adopted against them by the other National and American League clubs.

One instance of this was brought out when Charley Ebbets, owner of the Brooklyn club, blocked a deal involving Dutch Reuther when he insisted that he would part with the star southpaw only after it had been written in the agreement that Reuther was not to be traded directly or indirectly to the Giants.

TITLE BOUT TO BE PUT ON AT BARGAIN COUNTER PRICES

New York, Jan. 18.—For the entertainment of the thousands who gather here next June to nominate or see nominated the democratic candidate for president, Tex Rickard is going to stage a heavyweight championship fight.

Rickard not only has decided to put on a big bout to be featured on the entertainment committee, but he plans to make the "freight" so easy that it will be staggering.

Bargain Counter Rates

While the city in general is promising not to plunder the convention visitors, Rickard, it is understood, will take a shot at those who have been clamoring about the commercial end of the game by giving them a big fight at bargain counter rates.

The promoters of Madison Square Garden have definitely decided to stage the Dempsey-Gibbons bout, which Rickard has practically signed, during the convention. He figures that Gibbons is the big hero of the west and middle west and that he would be a big attraction.

Rickard already has practically saved boxing in New York by putting over the deal which brought the convention here, wise political observers are sure that the democratic politicians who have been after him cannot be so ungrateful as to continue the campaign against the man who put over the convention deal after they had failed.

Rickard has volunteered to make alterations in Madison Square garden that will increase the capacity to 20,000 and he is going to pay the cost, estimated at \$25,000, out of his own pocket.

Bills Will Be Forgotten

Several bills aimed at boxing here have been introduced at Albany, but it is the unanimous opinion now that they will be allowed to die naturally. If the republicans insist upon forcing action the democrats out of gratitude will be forced to rally and kill them, politicians believe.

COLLINS TO PLAY SECOND FOR SOX

Chicago, Jan. 18.—All speculations as to whether Eddie Collins, captain and second baseman of the White Sox would play with Chicago next season was ended with the announcement that the star second baseman is signed to a two year contract which does not expire until next fall.

Collins will fill his position in the White Sox infield despite rumors that he was to be traded or sold to manage the Washington club or to go to the New York Yankees.

Collins is considered by many critics as the greatest second sacker the game of baseball ever produced. Originally a student at Columbia university, New York city, he entered professional baseball as a member of the Philadelphia Athletics back in 1907. The first year he played, he went under the name of Nichols, but later performed under his true name.
